Independent auditors' report on review of condensed consolidated interim financial information

To the Board of Directors of
GFH Financial Group BSC
Kingdom of Bahrain

Introduction

We have reviewed the accompanying 31 March 2025 condensed consolidated interim financial information of GFH Financial Group BSC (the "Bank") and its subsidiaries (together the "Group"), which comprises:

- the condensed consolidated statement of financial position as at 31 March 2025;
- the condensed consolidated statement of income for the three-month period ended 31 March 2025;
- the condensed consolidated statement of comprehensive income for the three-month period ended 31 March 2025;
- the condensed consolidated statement of income and attribution related to quasi-equity for the three-month period ended 31 March 2025,
- the condensed consolidated statement of changes in owners' equity for the three-month period ended 31 March 2025;
- the condensed consolidated statement of cash flows for the three-month period ended 31 March 2025;
- the condensed consolidated statement of changes in off-balance-sheet investment accounts for the three-month period ended 31 March 2025; and
- notes to the condensed consolidated interim financial information.

The Board of Directors of the Bank is responsible for the preparation and presentation of this condensed consolidated interim financial information in accordance with FAS 41, "Interim Financial Reporting". Our responsibility is to express a conclusion on this condensed consolidated interim financial information based on our review.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Auditing standards for Islamic Financial Institutions and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying 31 March 2025 condensed consolidated interim financial information is not prepared, in all material respects, in accordance with FAS 41, "Interim Financial Reporting".

3 SIGNIFICANT ACCOUNTING POLICIES

The accounting policies and methods of computation applied by the Group in the preparation of the condensed consolidated interim financial information are the same as those used in the preparation of the Group's last audited consolidated financial statements as at and for the period ended 31 December 2024.

a. New standards, amendments, and interpretations issued but not yet effective**(i) FAS 45: Quasi-Equity (Including Investment Accounts)**

AAOIFI has issued Financial Accounting Standard (FAS) 45 "Quasi-Equity (Including Investment Accounts)" during 2023. The objective of this standard is to establish the principles for identifying, measuring, and presenting "quasi-equity" instruments in the financial statements of Islamic Financial Institutions "IFIs".

The standard prescribes the principles of financial reporting to participatory investment instruments (including investment accounts) in which an IFI controls underlying assets (mostly, as working partner), on behalf of the stakeholders other than owner's equity. This standard provides the overall criteria for on-balance sheet accounting for participatory investment instruments and quasi-equity, as well as, pooling, recognition, derecognition, measurement, presentation and disclosure for quasi-equity.

This standard shall be effective for the financial reporting periods beginning on or after 1 January 2026 with an option to early adopt.

The Group does not expect any significant impact on the adoption of this standard.

(ii) FAS 46: Off-Balance-Sheet Assets Under Management

AAOIFI has issued Financial Accounting Standard ("FAS") 46 "Off-Balance-Sheet Assets Under Management" during 2023. The objective of this standard is to establish principles and rules for recognition, measurement, disclosure, and derecognition of off-balance-sheet assets under management, based on Shari'a and international best practices. The standard aims to improve transparency, comparability, accountability, and governance of financial reporting related to off-balance-sheet assets under management.

This standard is applicable to all IFIs with fiduciary responsibilities over asset(s) without control, except for the following:

- The participants' Takaful fund and / or participants' investment fund of a Takaful institution; and
- An investment fund managed by an institution, being a separate legal entity, which is subject to financial reporting in line with the requirements of the respective AAOIFI FAS.

This standard shall be effective for the financial reporting periods beginning on or after 1 January 2026 with an option to early adopt.

This standard shall be effective for the financial periods beginning on or after 1 January 2026 with an option to early adopt. This standard shall be adopted at the same time as adoption of FAS 45 "Quasi-Equity (Including Investment Accounts)".

The Group does not expect any significant impact on the adoption of this standard.

(iii) FAS 47: Transfer of Assets Between Investment Pools

AAOIFI has issued Financial Accounting Standard ("FAS") 47 "Transfer of Assets Between Investment Pools" during 2023. The objective of this standard is to establish guidance on the accounting treatment and disclosures for transfers of assets between investment pools that are managed by the same institution or its related parties. The standard applies to transfers of assets that are not part of a business combination, a disposal of a business, or a restructuring of an institution.

3 SIGNIFICANT ACCOUNTING POLICIES (continued)**a. New standards, amendments, and interpretations issued but not yet effective (continued)**

The standard defines an investment pool as a group of assets that are managed together to achieve a common investment objective, such as a fund, a portfolio, or a trust. The standard also defines a transfer of assets as a transaction or event that results in a change in the legal ownership or economic substance of the assets, such as a sale, a contribution, a distribution, or a reclassification.

The transfer of assets between investment pools should be accounted for based on the substance of the transaction and the terms and conditions of the transfer agreement. The standard classifies transfers of assets into three categories: transfers at fair value, transfers at carrying amount, and transfers at other than fair value or carrying amount. The standard also specifies the disclosure requirements for transfers of assets between investment pools.

This standard shall be effective for the financial periods beginning on or after 1 January 2026 with an option to early adopt.

The Group does not expect any significant impact on the adoption of this standard.

4 ESTIMATES AND JUDGEMENTS

Preparation of condensed consolidated interim financial information requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates. The areas of significant judgments made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were similar to those applied to the audited consolidated financial statements as at and for the year ended 31 December 2024.

5 FINANCIAL RISK MANAGEMENT

The Group's financial risk management objectives and policies are consistent with those disclosed in the audited consolidated financial statements for the year ended 31 December 2024.

Regulatory ratios**a. Net stable funding Ratio (NSFR)**

NSFR as a percentage is calculated as "Available stable funding" divided by "Required stable funding".

21 COMMITMENTS AND CONTINGENCIES

The commitments contracted in the normal course of business of the Group:

	31 March 2025 (reviewed)	31 December 2024 (audited)	31 March 2024 (reviewed)
Undrawn commitments to extend finance	113,828	94,912	84,576
Financial guarantees	101,473	102,817	19,539
Capital commitment for infrastructure development projects	106,834	55,708	45,608
	322,135	253,437	149,723

Performance obligations

During the ordinary course of business, the Group may enter performance obligations in respect of its infrastructure development projects. It is the usual practice of the Group to pass these performance obligations, wherever possible, on to the companies that own the projects. In the opinion of the management, no liabilities are expected to materialise on the Group at 31 March 2025 due to the performance of any of its projects.

Litigations, claims and contingencies

The Group has several claims and litigations filed against it in connection with projects promoted by the Bank in the past and with certain transactions. Further, claims against the Group entities also have been filed by former employees and customers. Based on the advice of the Bank's external legal counsel, the management is of the opinion that the Bank has strong grounds to successfully defend itself against these claims. Where applicable, appropriate provision has been made in the books of accounts. No further disclosures regarding contingent liabilities arising from any such claims are being made by the Bank as the directors of the Bank believe that such disclosures may be prejudicial to the Bank's legal position.

22 FINANCIAL INSTRUMENTS**Fair values**

Fair value is an amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties at a price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Underlying the definition of fair value is a presumption that an enterprise is a going concern without any intention or need to liquidate, curtail materially the scale of its operations or undertake a transaction on adverse terms.

Fair value hierarchy

The different levels have been defined as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets and liabilities.
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e., derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

22 *FINANCIAL INSTRUMENTS (continued)*

The following table shows the valuation techniques used in measuring fair values, as well as the

Type	Valuation technique	Significant unobservable inputs	Inter-relationship between significant unobservable inputs and fair value measurement
Structured notes	Fair value of underlying reference portfolio adjusted for embedded derivatives that protect downside risk and cap upside potential over the period of the contract.	Credit risk of counterparty and volatility assumptions for time to maturity	Ability of the Group to hold the structure note to maturity and impact of the value of embedded derivatives (strike prices and barriers for coupon and principal).
Equity investments	Discounted cash flow	Marketability factor and Discount rate	Ability of Group to exit these investments and their impact on the overall value as these are unquoted investments.

The potential effect of change in assumptions used above would have the following effects.

	31 March 2025 (reviewed)		31 March 2024 (reviewed)	
	Statement of Income	FVOCI	Statement of Income	FVOCI

23 ASSETS UNDER MANAGEMENT AND CUSTODIAL ASSETS

The Group provides corporate administration, investment management and advisory services to its project companies, which involve the Group making decisions on behalf of such entities. Assets that are held in such capacity are not included in these consolidated financial statements. At the reporting date, the Group had assets under management of US\$ 11,038 million (31 December 2024: US\$ 10,744 million). During the period, the Group had charged management fees and performance fee amounting to US\$ 19,790 thousand (31 March 2024: US\$ 12,926 thousand).

Custodial assets comprise assets of the discretionary portfolio management ('DPM') accounts amounting to US\$ 4,153,805 thousand (2024: US\$ 3,304,293 thousand), of which US\$ 1,706,479 thousand (2024: US\$ 1,689,273 thousand) relate to the Group's investment products and the balance is deployed in the Group's treasury products.

24 DOMESTIC MINIMUM TOPUP TAX

The Ultimate Parent Entity of the MNE group is domiciled and operates in the Kingdom of Bahrain which has issued and enacted Decree Law No. (11) of 2024 ('Bahrain DMTT law') on 1 September 2024 introducing a domestic minimum top-up tax ("DMTT") of up to 15% on the taxable income of the Bahrain resident entities of the MNE group for fiscal years commencing on or after 1 January 2025.

As per the group's assessment of applicability of the DMTT law, it has assessed and concluded that it is not in scope for the Bahrain DMTT law or the OECD Global Anti-Base Erosion Pillar Two Model Rules ('GloBE rules'). The reason for this conclusion is that it does not have total annual consolidated revenue exceeding EUR 750 million in at least two of the four preceding fiscal years.

Accordingly, it does not expect to be subject to the Bahrain DMTT law and GloBE rules for the current fiscal year.
